

Ikrame Ibn Hayoun

Software Developer - Frontend and Backend - Malaga, Spain

ikihga2223@gmail.com +34 682 02 76 93 Malaga, Spain Portfolio

Summary

Software developer based in Malaga, comfortable across frontend and backend: interfaces and component systems, APIs, authentication, and databases.

DAW graduate (Jun 2026). Capstone project MyPlaythrough awarded maximum grade. AI and Big Data Specialisation Course starting Sep 2026.

Open to remote or hybrid software developer roles.

Skills

Frontend

React, Next.js, TypeScript, Vite, Tailwind CSS, Framer Motion, Zustand, Leaflet, Semantic HTML, Accessibility

Backend and data

Node.js, Express, Python, FastAPI, PostgreSQL, SQL, REST APIs, JWT, dbt, Dagster

Tooling and delivery

Git, GitHub Actions, Vitest, Playwright, Docker, Vercel, Electron

Experience

DATA CONTROL

Málaga, Spain

Software Developer Intern

Mar 2026 - Jun 2026

Internship spanning frontend, backend, and databases on client web projects.

- Built responsive UIs with reusable React components, semantic HTML, and accessibility in mind.
- Worked on backend features and API integration alongside the frontend.
- Used databases in day-to-day delivery: querying, structuring, and connecting data to the application.

EY Global Delivery Services

Málaga, Spain

Executive Assistant

Feb 2025 - Mar 2026

Executive support and internal tooling in a global professional services environment.

- Coordinated executive visits including logistics, agendas, materials, and stakeholder updates.
- Built internal Power Apps to streamline event coordination workflows.
- Managed travel, expense reports (Concur), Outlook, Teams, and SharePoint.

EC Azafatas

Málaga, Spain

Brand Ambassador

Feb 2026

Short-term brand activation role in high-traffic retail environments.

- Delivered product tastings and presentations in busy retail settings.
- Managed booth logistics and end-of-day inventory updates.

Conciencia Fundraising

Remote, Spain

Accounting and Operations Administrator

Nov 2024 - Dec 2024

Operations and reporting support for a fundraising organisation.

- Prepared donor reports and follow-up using Google Drive and Outlook.

- Managed HR tasks in Factorial and tracked travel and expense costs.
- Maintained team coordination in Asana, Notion, and Slack; built reporting views in Looker.

Sylvis Profesional Cosmetic

Administrative Assistant

Accounting and import documentation support for a cosmetics importer.

Málaga, Spain
Mar 2024 - Oct 2024

- Reconciled bank accounts and posted invoices, including import purchases.
- Tracked vehicle and import costs in Excel and managed incoming documentation.

Projects

MyPlaythrough

Sep 2025 - Jun 2026

DAW capstone awarded maximum grade. Personal game library manager with backlog tracking, community features, recommendations, discussions, and admin moderation.

- Built with React, Vite, Node.js, Express, PostgreSQL, JWT, and Docker Compose.
- Added Vitest unit tests and CI for reliable releases.
- Live demo: <https://my-playthrough.vercel.app/>

Live Event Radar

Jun 2025 - Present

Real-time venue operations dashboard for brand activations with synchronized command center and telemetry map views.

- Developed with Next.js, React, TypeScript, Zustand, and Leaflet.
- Feature-sliced architecture, Vitest tests, Playwright smoke tests, and GitHub Actions CI.
- Live demo: <https://live-event-radar.vercel.app>

Aiba

Jun 2026 - Present

Local-first Windows productivity companion for planning, focus sessions, and wrap-up, with session history and offline help. No account, no cloud.

- Built with Electron, React 19, TypeScript, and Vite.
- Compact timer plus expanded studio shell, focus guard, and preferences.

ReconFlow

Jun 2026 - Present

Headless reconciliation pipeline for bank CSVs and invoice data (in progress).

- Ingest, transform, and match stages with Python, FastAPI, dbt, and PostgreSQL.
- Outputs a reconciliation mart and exceptions queue.
- Orchestration with Dagster (in progress).
